PROGRAM HIGHLIGHTS

FOUNDATION

Built on more than 25 years of organic grape experience and offers more than 15 grape varieties to meet all your program needs. Grown in California's San Joaquin Valley, all vineyards internally managed by our family of companies are EFI certified.

SCOPE

The program features premium varietal development with a focus on exceptional size and flavor. Full program offerings with limited season availability of specialty and wine grape varieties.

VOLUME

Focused on category growth and development with expected volume increases over the next three years, bringing more California table grapes and specialty items to our customers.

CONVENIENCE

Centrally located cold storage and packing facility with cross dock capabilities. We simplify your merchandising efforts with custom packaging designs included with our owned brands and private label support.

CERTIFICATIONS

CERTIFIED ORGANIC

Homegrown Organic Farms was founded on the purpose of stewardship to land and people, we believe in returning what the soil abundantly provides. Our founding farmers were among the first growers in California to go organic when they transitioned their family farm in 1989.

EQUITABLE FOOD INITIATIVE

EFI brings together growers, farmworkers, retailers, and consumers to set more than 300 of the industry's highest social responsibility standards. The EFI label provides the transparency and assurance consumers are looking for. Homegrown's internally managed farms are EFI certified.
